

## **MOBILE POLICE STATION**

The Mobile Police Station usually visits our parish twice a month, normally around 8.45 - 9.30 AM but sometimes later, around 13.15 – 14.00 PM.

It parks in KS in the SDC main Car Park and dates and times are displayed on the KS Village Green Notice Board.

The MPS will be staffed by a Police Officer, but sometimes other personnel, including SDC Officers and Police Community Support Officers. This is clearly a useful opportunity for anyone to talk to the Police in a relaxed situation, especially if something is troubling you.

Sometimes MPS visits include members of staff from Stroud District Council who will be there to deal with any queries you may have on local council matters that concern you. SDC has a very proactive Community Safety Team who help our community by providing the Neighbourhood Warden visits in The Stanleys' communities.

Since January 2007 the NW Service, towards which KSPC & LSPC contribute, has been active in the Stanleys' Parishes for the equivalent of one day a week. Neighbourhood Wardens work in conjunction with the Police.
